QUARTERED

The illustration
of this unusual
cover comes to
Postal Markings
thru

Nicolas
Sanabria,
who says that
the cover was
offered him by a stamp dealer in Pennsylvania.

The Scott catalog lists and prices No. 36
quartered; and it is likely that it was listed
from the copy in the Carroll-Hoy lot. In view
of this cover, who has the "three others" ?

Will owners of quartered stamps please
respond ?
